IITK CCDO: DevOps on AWS

Lab Guide

simplilearn

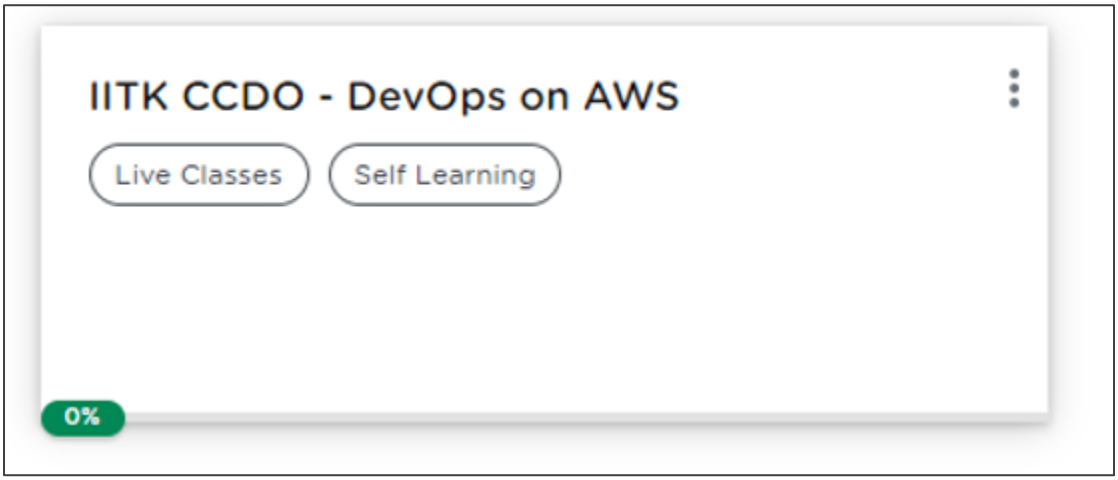
Get Certified. Get Ahead.

This section will guide you to:

- Use labs to execute all demos included in this course

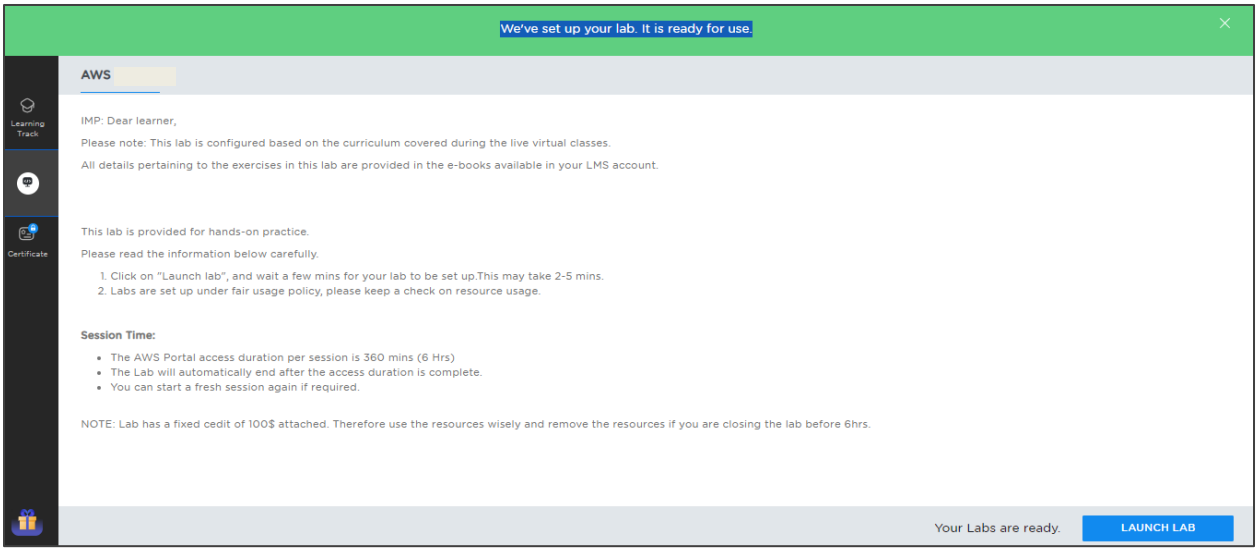
Step 1: Starting practice labs on LMS

- Login to Simplilearn LMS
- Go to the respective course

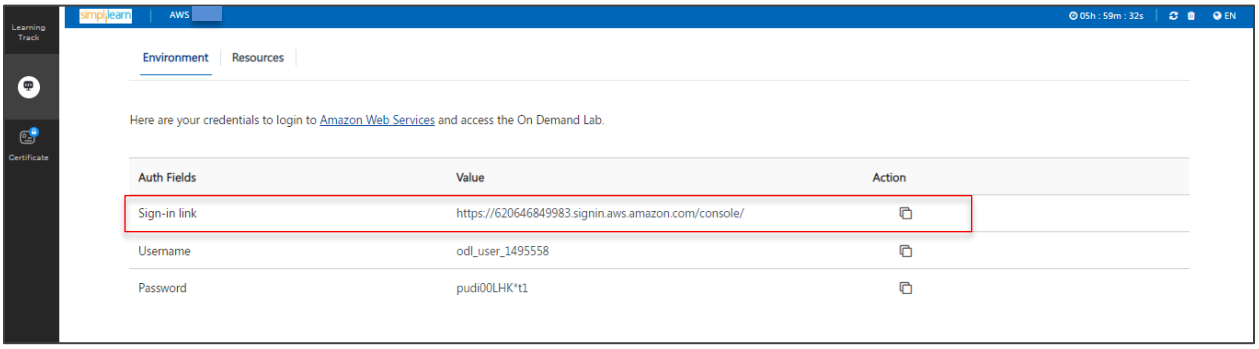


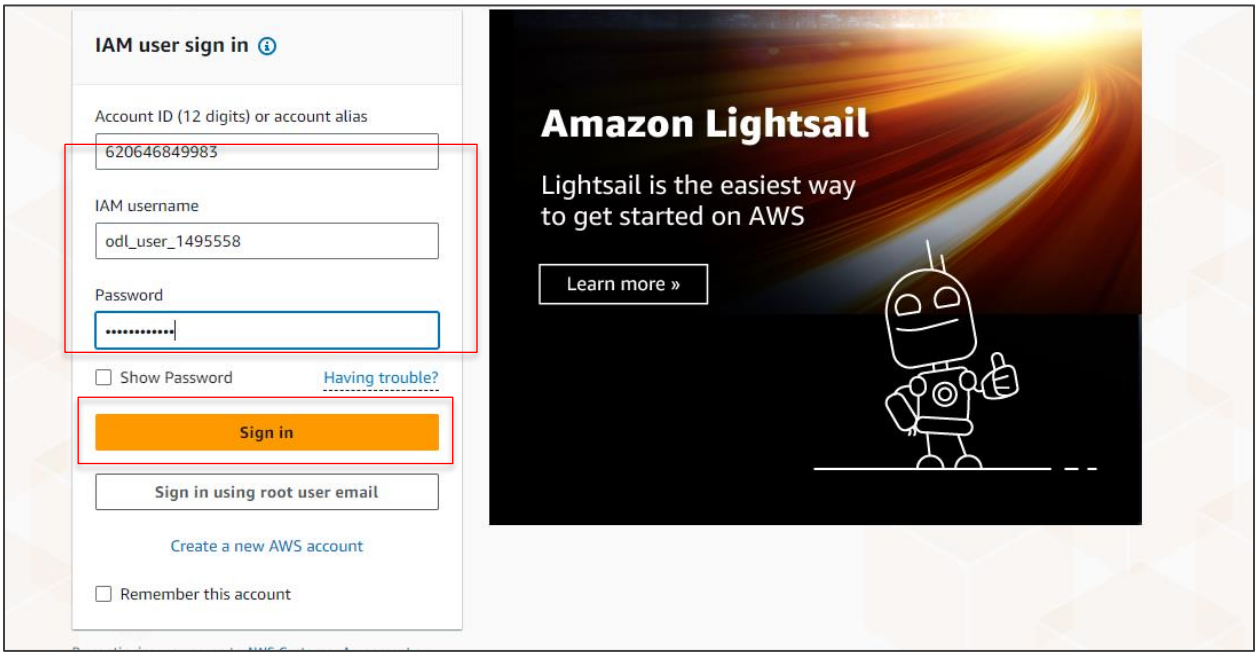
- On the left, you will find the course ToC page
- To its left, you will find the **PRACTICE LABS** tab
- Click on it

- As a new window opens, read the instructions, and click on **LAUNCH LAB**
- This will launch practice labs for this course



- Once the lab instance is started, copy the **Sign-in link** as shown below:





- Provide the credentials and the click on **Sign in** as shown in the screenshot below:
